

# Lamberton Middle School

Dear 6G Parents,

We want to welcome you and your child to Lamberton Middle School and especially to the 6G Team. We recognize that this school year comes with so many unknowns and uncertainty, but we want you to know that we will do our very best to make it a great year despite these challenges.

We expect that many activities will look differently this year, but we are still looking forward to an exciting year filled with a variety of academic and social activities. We hope that you will encourage your child to experience the many opportunities that are available. It's always a delight to see the children's growth in this first year of middle school.

As you have likely already heard, the majority of work and communication this year will be digital and it will take place on Schoology. We realize that most sixth graders have never used Schoology before, so our top priority in the first days/weeks of school will be helping students learn to navigate this platform. We have high expectations in the academic areas. We see that the most successful students are those who are prepared for class each day. Each student needs to keep up with assignments and come to school equipped to work.

Because students will not be using lockers, we have tried to cut down on the amount of items they will need to carry throughout out the day. Below are the supplies we feel are the most important.

- \* A pocket folder for each subject
- \* Inexpensive ear buds compatible with your school-issued iPad
- \* A spiral single subject notebook or lined notebook paper
- \* A set of colored pencils
- \* Several pencils
- \* Low odor dry erase markers

Enjoy what is left of your summer. We are looking forward to a successful school year and hope that it will be a memorable one for all the best reasons. Feel free to check out our welcome video [here](#) !

Sincerely,
