

Welcome to 7W!

No matter what this school year looks like, the 7W team of teachers is super-excited to get to know you!
Here is a list of some supplies that we would like for you to have to get started.

Social Studies - Mr. Pham (phams@carliseschools.org)

- Although we will be working with the school-issued iPads this year, please have a folder and one pack of colored pencils.

Math/Algebra - Ms. Brown (brown1@carliseschools.org)

- Students should have a spiral bound notebook for Math class. Students will be taking notes from videos and completing problems in their notebook. Images of this work will then be uploaded into Schoology from their iPads.

Science - Ms. Marchetti (marchettim@carliseschools.org)

- We will be working exclusively with the school-issued iPads this year, so there are no additional supplies needed for Science class.

English/7W Team Leader - Mr. Shepard (shepards@carliseschools.org)

- We will be working exclusively with the school-issued iPads this year, so there are no additional supplies needed for English class.

For All Classes

- Earbuds or headphones that are compatible with your school-issued iPads

Please email if you have any questions.

We can't wait to meet you!
